Chairman's Report - West Harptree Parish Council - November 2026

The chairman would like to thank:

- Cllr Gay and all other residents who helped with clearing and replanting the triangle. Special thanks go to a resident who grew the wallflowers for us.
  Should we decorate the fingerpost for Christmas?

- Any residents who have weeded/swept up/ picked up litter or helped with general maintenance. It would be greatly appreciated if residents could clear weeds outside their properties as this makes a noticeable difference to safety and the appearance of the village.

- All residents who have helped to clean drains. At this time of year all efforts to keep drains unblocked (even just one outside your house) are very much appreciated. Simon, do you have an update on the planned West Harptree drain improvements? (especially Ridge Lane).

New bus timetables have been distributed. Please do your best to use the bus where you can, as we were lucky to keep the service at the last review due to low numbers. If you have not received a bus timetable additional ones are available from: The bus shelter, The Crown Inn, New Manor Farm Shop/Tea Room, The shop, and Bungalow Farm caravan park.

The flag was put up on 8th November for Remembrance Sunday and on the 14th November for the birthday of King Charles III.
